

CESL COURSES

- **ENGL 100 English I**

The purpose of this course is to further develop the ability of students to read and write English. It aims to enlarge their vocabularies, enrich their knowledge of ways to express ideas and reduce the number of mistakes that students make when writing English. It also teaches principles of organization used in essays and other written documents in English.

Prerequisites: Official IELTS or TOEFL required scores

- **ENGL 105 English II**

The purpose of this course is to enlarge your general and academic English vocabulary, and increase your knowledge of words, concepts and expressions related to business and information technology. The course will also aim at developing your skills in understanding and analyzing documents written in English and your skills in paraphrasing, summarizing and responding (in writing) to documents written in English and further improve your writing in English.

Prerequisites: ENGL 100 English I

- **ESPU 200/210 English for Special Purposes (Business and Science)**

This course aims to ensure that you are equipped with an adequate vocabulary to study business and IT subjects at university level, and to read textbooks as well as articles on business in newspapers, magazines and websites. It also aims to develop your skills in written communication in business contexts.

Prerequisites: ENGL 105 (English II)
